

Dear Kindercare class,

We loved having Flat Zach visit us! As soon as we opened the mail, Arya (11 months old) started giggling and talking to Flat Zach. But then she tried to eat him, so we had to keep a little distance between those two! Flat Zach joined us on our walk with the dogs, through our scenic neighborhood in Edwards, Colorado! It was a little chilly, since Flat Zach didn't have a jacket, but the sunshine was out, so it was a great walk! That night, Flat Zach went to work with Marc at the Emergency Dispatch Center! There he learned about all the computers it takes to operate an emergency dispatch center, and he got to hang out with some of the police officers that came in to visit! After a very eventful few days, I'm sure Flat Zach will enjoy the resting time he gets in the mail on his way back home! Thanks for sending him to visit us!

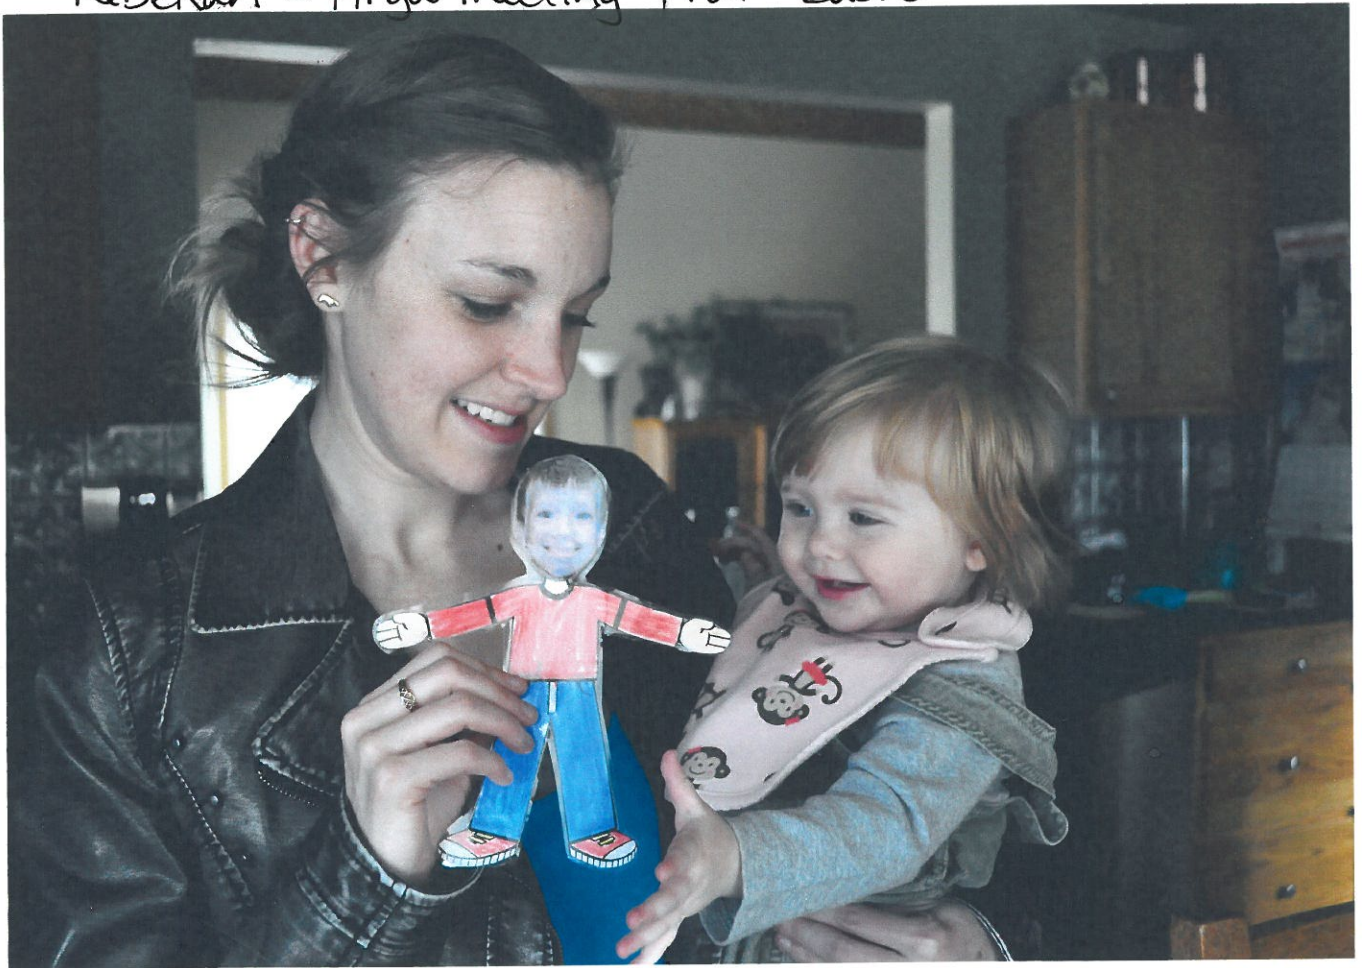

Much love,

Marc, Rebekah, and Arya in Edwards, Colorado

Flat Zach went to....
